Questions that will help you uncover opportunities:

- How do you manage your overseas payments?
- How do you manage your inbound/outbound international payments?
- Would you like a free, no obligation FX health check from our currency partner, Moneycorp to see if they can save you money?
- Do you have a strategy in place to minimize your risk to foreign currency exposure?
- Would you like the ability to fix an exchange rate for up to 3 years in advance?
- What impact would it have on your budget rate if the GBP/EUR GBP/USD exchange rate moved against you?

Overcoming common objections:

"I use my bank and I'm not interested in changing as I have everything with them"

Moneycorp are foreign exchange experts. We have the ability to reach out to 18 providers to acquire the best rates for our clients, the banks have one. You will have a dedicated account manager available over the phone or through our easy to use online platform to execute your international payments.

"I use a competitor"

Great news that you already use a specialist for your international payments. Have you ever benchmarked the rates to see if you are getting the best deal? We can arrange a free, no obligation FX health check.

"I naturally hedge"

Natural hedging has to be done actively and can incur costly currency charges whilst holding the funds. Have you looked at long term hedging solutions to be able to profit from these natural hedges.

"I don't have the time to look at this, I'm too busy"

I can appreciate you are busy running your business, but surely this is worth looking into as it has the potential to make you some significant savings on your international payments.
